SELF

Self is a complex and multifaceted concept that encompasses the individual's identity, personality, and sense of self. It is the core of who we are and how we interact with the world around us. The self is not a static entity but a dynamic and evolving one, shaped by our experiences, beliefs, and values. It is the foundation upon which we build our lives and the source of our strength and resilience. Understanding the self is a journey of self-discovery and personal growth, one that leads to a deeper understanding of ourselves and the world we inhabit.

Taittinger Champagne Reims, France is one of the oldest and most recognisable champagne producers in the world. Established in 1734 and taken over by the Taittinger family in 1932, it has a rich history intertwined with the tradition and elegance of French winemaking.

The house is renowned for its unique style of champagne, which emphasizes the use of a high proportion of Chardonnay grapes, setting it apart from many other producers who typically favor Pinot Noir and Pinot Meunier.

The cellars of the Taittinger Champagne House are located on the site of the historic Abbey of Saint-Nicaise, dating back to the 13th century, which adds a remarkable historical depth to its operations.

CHARITY

All funds raised through the Too Good To Go initiative are donated to the Ambition Unlocked Charitable Foundation.

These funds will support specific projects in the Kenyan regions that grow and supply much of the coffee served in RBH hotels. The primary goal is to help complete the building of a new community hall and facilitate community education in Kenya to create a lasting and positive impact on the lives of the people who work tirelessly, often in challenging circumstances, to supply quality coffee to the UK market.
