Taittinger Champagne Reims, France is one of the oldest and most recognisable champagne producers in the world. Established in 1734 and taken over by the Taittinger family in 1932, it has a rich history intertwined with the tradition and elegance of French winemaking.

The house is renowned for its unique style of champagne, which emphasizes the use of a high proportion of Chardonnay grapes, setting it apart from many other producers who typically favor Pinot Noir and Pinot Meunier.

The cellars of the Taittinger Champagne House are located on the site of the historic Abbey of SaintNicaise, dating back to the 13th century, which adds a remarkable historical depth to its operations.

PADDY & SCOTT'S

Paddy & Scott's is an ethical, purpose-driven coffee company that supports coffee-growing communities through direct sourcing, education, and reinvestment initiatives such as providing school meals for children. We work with them because their exceptional, traceable coffee and commitment to social impact and sustainability strongly align with our values.

BIRCHALL

Birchall Tea is an award-winning British tea company committed to ethical sourcing, sustainability, and exceptional quality, with close partnerships supporting producers in Rwanda and Kenya. We choose to serve Birchall because their carbon-neutral, environmentally conscious approach and commitment to communities at origin align closely with our values.

SUSTAINABILITY

We work closely with our suppliers to reduce the environmental impact of our operations by choosing responsibly sourced, energy-efficient, and sustainable products. Through our partnership with ecoSPIRITS, most of our house spirits are delivered using a low-carbon, closed-loop system that reduces single-use glass waste and carbon emissions without compromising quality.

ecoSPIRITS

ecoSPIRITS helps us reduce waste and carbon emissions by replacing single-use glass bottles with a reusable, closed-loop distribution system. This allows us to serve high-quality spirits while supporting a more sustainable, circular economy.

CHARITY

Through our participation in Too Good To Go, all funds raised are donated to the Ambition Unlocked Charitable Foundation to support communities in Kenyan coffee-growing regions. These contributions help fund projects such as a new community hall and expanded educational opportunities, creating a lasting positive impact.
